Austria, Spring Tour, May 4-5, by Christian Mitterdorfer

We met at Hotel Langwies in Bad Vigaun, close to Salzburg, for a nice coming together with friends. Saturday morning we started with deep clouds, passing the Postalm heading to Wolfgangsee, where we took a boat to St Wolfgang spending a visit to the famous Weißes Rößl. The weather improved and for our lunch break at Wachtberg at Attersee we had bright sun with a great view over the lake. Continuing via Mondsee, we stopped at Schloß Fuschl for coffee and cake at the marvellous sun terrace. Via the romantic Hintersee and Wiestalstausee, we returned to Bad Vigaun, where we still had enough time to enjoy the wellness area at our hotel.

On Sunday we started with an interesting sightseeing tour through Hallstatt. Afterwards we passed the challenging Koppenspass and Pötschenpass, where we met our friends from the Jaguar Vintage Car Club Gmunden. Together we continued to the Kaiservilla in Bad Ischl which still belongs to the Habsburg family, the former royals of Austria. 'Erzherzog' Markus Habsburg himself led the tour through his villa and joined us afterwards, co-driving one of our Jags to Gmunden. At the main square of Gmunden, we were warmly welcomed by the mayor. At the stunning Healey Factory we had our open end of this exciting spring tour: great thanks to the organiser, Christian Zettner.
