Remarks	-

This certificate was issued by the JDHT on 27 July 2012

Anders Ditlev Clausager – Chief Archivist

JAGUAR DAIMLER HERITAGE TRUST

This certificate was issued by the Jaguar Daimler Heritage Trust, which is a subsidiary company of Jaguar Cars Limited.

The JDHT was formed in 1983 with the aim of maintaining for the nation a permanent collection of motor vehicles manufactured by Jaguar and its predecessor companies, under the marque names of Swallow, SS, Jaguar, Daimler and Lanchester.

The Trust also maintains an archive of historical records of these marques, and provides information to owners and enthusiasts.

The information on this certificate is taken from an original Car Record Book. All the relevant information from the original records has been included on the certificate.

Please note that we have researched the records simply from a chassis or other number or information as quoted to us by the client named on the certificate. The JDHT accepts no liability if incorrect numbers have been provided by the client. We have not inspected the car which has been researched. While this certificate confirms the original specification of a particular car from the chassis number, the certificate is not a confirmation of the identity, provenance, originality, or present condition of a particular car. This certificate does not represent proof of ownership of a car.

Whilst every care is taken to ensure the correctness of information supplied, neither the Trust nor any associated company will be held liable for any errors or omissions or the consequences thereof.

The Production Record Trace Service is available for SS and Jaguar cars from 1931 onwards, as well as some Swallow-bodied cars (1931-1933), and Daimler cars from circa 1959 onwards; there is limited information on some earlier Daimler cars, from 1953 to 1959. This Service is only offered for cars which are more than ten years old.

IMPORTANT MESSAGE TO ALL OUR CLIENTS

SUSPENSION OF JAGUAR HERITAGE CERTIFICATE AND ENQUIRY SERVICE

The Jaguar Heritage Archive is on the move this summer. We shall be leaving Browns Lane, and the archive will move to the Heritage Motor Centre at Gaydon. The actual move is scheduled for the week commencing 13 August, but before this date we have to concentrate on packing records and literature in preparation for the move. This also means that many records will progressively become unavailable.

We have therefore with regret decided that we must suspend our certificate and enquiry service from **1 July**, until the records have been safely installed at Gaydon and are once again accessible for research, hopefully by **1 September** at the latest. There will be further updates on our website.

We apologise for any inconvenience this may cause but ask for your understanding, and we shall look forward to hearing from you when we resume normal service by September.

Our new address will be:

Jaguar Heritage
Archive Department
Heritage Motor Centre
Banbury Road
Gaydon
Warwickshire CV35 0BJ
Switchboard telephone number +44 (0) 1926 641188

Direct telephone and fax numbers will be announced later. Our e-mail addresses are not expected to change.

Kind regards,

Anders Ditlev Clausager, Faye McLeod, and Karam Ram

Jaguar Heritage Archive Department; e-mail jdhtarch@jaguarlandrover.com

JAGUAR HERITAGE PRODUCTION RECORD TRACE SERVICE

Thank you for your enquiry requesting information about your Jaguar or Daimler vehicle.

Jaguar's historic production record data are on an ongoing basis being transferred to Jaguar Heritage (the Jaguar Daimler Heritage Trust), which as part of our agreement with Jaguar Cars has the exclusive right to supply historic information on Jaguar and Daimler vehicles which are more than TEN years old. We do not supply data on more recent vehicles.

Jaguar Heritage is a registered charity. By contributing to the work of Jaguar Heritage, you will help to preserve the heritage of Jaguar Cars, the company and its products. We therefore make a charge of **£36.00** (world wide, incl. postage and VAT) for the supply of vehicle information, on the basis of pre-paid enquiries only. Receipts for payments will be issued on request.

Please refer to the Production Record Trace Application form on the following page. Please complete this and return it to us. You can print it out and post or fax it to us, or you can e-mail it back as an attachment. Please allow 28 days for the return of the certificate. Please note that we can send certificates out by e-mail but only as "blank paper" copies.

In the interests of owners of classic and historic Jaguar and Daimler vehicles, we draw your attention to the following points:

- Complete information is available on most Jaguar and SS cars, and some Swallow-bodied cars, but only on Daimlers from ca. 1959 onwards. (There is limited information on some earlier Daimlers ca. 1953-1959.)
- We only confirm the accuracy of numbers supplied by enquirers. If numbers are not available, we regret that they can not be supplied or confirmed by ourselves. We do not accept any responsibility, if incorrect numbers are quoted by enquirers and this leads to incorrect information being supplied by us.
- Please supply proof of legal existence of the car with your enquiry. This may be a photocopy of **the second page only of the V5C** UK registration certificate, or of a US title document, or another similar document issued by a registration authority.
- We always reserve the right not to disclose information or complete details of a vehicle. A refund of any payment will be made, if we decide not to issue documentation.

We hope that you will understand these precautions, and we shall look forward to receiving your completed application form. Thank you for your interest in Jaguar and Daimler vehicles.

Yours sincerely

Anders Ditlev Clausager, Chief Archivist, Jaguar Heritage
